

Monday December 12th, 2011

Dinner: 6:00pm, Presentation: 6:30pm

Frank's Steak & Schnitzel Haus: 1617 Cranbrook Street North, Cranbrook B.C.

Are you curious about how genomics is  
changing medical practice?

Then come to:

# SOLVING CLINICAL PROBLEMS: HOW GENOMICS CAN HELP

A CME Dinner Event.

## LEARNING OBJECTIVES

To find out about genomics and its  
importance in medicine

To understand some of the genomic  
technologies available for clinical  
application

To appreciate medical problems  
that can be addressed by these  
technologies

## PRESENTATION by:

**Shelin Adam, MSc**

Coordinator

BC Clinical Genomics Network

**Ruth Thomas, MSc**

Genetic Counsellor

BC Clinical Genomics Network
